

March 28, 1979

Mr. Allan Ayoub
Utah Office of Labor and Training
1331 South State Street, Suite 300
Salt Lake City, Utah 84115

Dear Mr. Ayoub:

The results of a recently concluded investigation by the Department of Labor's Office of Inspector General disclose a violation of the CETA regulations regarding nepotism (Part 98, Section 98.22), and Maintenance of Effort (Part 96, Section 96.24), at Soldier Summit, Utah. Involved were three subcontracts which placed the same individual with the Soldier Summit Police Department and included a CETA Title I OJT contract and two CETA Title II PSE follow-on contracts.

Specifically, and in reference to the nepotism violation, the investigation revealed that the CETA participant involved was the daughter of the Mayor of Soldier Summit, and that this same participant, her father, and her mother were all members of Soldier Summit's five member town board which, among other duties, had selection and hiring authority for the CETA position in question in addition to overall administrative responsibility. The exercise of this authority resulted in the hiring of an individual by an entity the administering body of which included not only the Mother and Father of the person hired but the hired person herself as well. The name of the CETA participant involved is Ruth Rhinehart (Wife of James R. Rhinehart). Ruth Rhinehart's Mother and Father are Mayor George Schade and Mrs. Wauneta Schade.

Further, and regarding the maintenance of effort violation, Federal reimbursement for this same participant under the CETA OJT contract was limited, in addition to selected supportive service payments, to the payment of not more than one-half of participant wages. As this Federal reimbursement was paid to the exclusion of 50% of wage costs, the subsequent Federal payment of total salary for this participant under the immediately following CETA PSE contracts resulted in the supplantation of Soldier Summit funds with Federal, or CETA funds.

Additionally, the investigation identifies the three subcontracts involved as (1), CETA OJT Contract #48-8-040, 11-16-77 - 2-28-78, (2), CETA PSE Contract #32-44040-522-75, 3-1-78 -- 9-30-78, and

(3), CETA PSE contract #42-44040-622-75, 10-1-78 -- 12-31-78. (It must be emphasized here that, although the CETA OJT contract serves as the basis for the maintenance of effort violation, the actual period of transgression for both the nepotism and maintenance of effort violations includes only that period of time during which the two CETA PSE contracts were in effect).

While the Mountainland Association of Governments (MAOG) has indicated to OIG that Soldier Summit would not be refunded during FY 1979 (after appraisal by OIG of its investigation findings), ETA's position requires reimbursement of the contract monies involved in view of these well-defined instances of nepotism and non-maintenance of effort both of which are clearly in violation of the CETA regulations. In this regard, ETA hereby directs the State of Utah Office of Labor and Training to refund to the U.S. Department of Labor all funds paid to Soldier Summit via the 2 PSE subcontracts involved. An analysis of contract and invoice documents contained in OIG's investigation file reflects \$4550.00 paid from PSE Contract #32-44040-522-75, and \$1950.00 paid out of PSE contract #42-44040-622-75, resulting in a total amount due to the Department of Labor of \$6500.00. (Note that this payment must not be derived from CETA funds).

Further, and in reference to future operations, it is ETA's opinion that this supplantation of funds relieving Soldier Summit of a financial burden that would otherwise be theirs to endure, as well as the selection of a CETA participant by one's own family, is highly indicative of the need for additional staff training in CETA regulations at the subagent and delivery agent levels.

Finally, please be advised that you have the right to appeal this determination under Part 98, Subpart C, of the CETA regulations. Your written notice to appeal, or a warrant in the amount of \$6500.00 payable to the U. S. Department of Labor, must be received in this office within 30 days from the receipt of this letter.

Your cooperation in this matter is appreciated.

Mr. George Schade, Mayor
Town of Soldier Summit
725 West 200 South
Payson, Utah 84651

Dear Mayor Schade:

Attached is a copy of a U.S. Department of Labor letter sent to the Utah Office of Labor and Training from which Mountainland Association of Governments receives grants to operate the CETA program. The letter summarizes the findings of the Inspector General's investigation of the Town of Soldier Summit's CETA contracts.

The letter states that the town was found to be in non-compliance with CETA Regulations and consequently, its contract with Mountainland AOG. Because of this finding certain costs have been disallowed.

Soldier Summit must either repay the costs or appeal the findings of the Inspector General by April 25, 1979.

Please direct your communications to my office, which is prepared to do what it can to be of assistance.

Sincerely yours,

Soldier Summit, UT 84658

Dear Mrs. Rinehart & Mrs. Schade:

We have received your letter of April 26, 1979 indicating the decision to appeal the charges of nepotism and maintenance of effort against the town of Soldier Summit.

For the first part Ruth, you indicate that they (Job Service) were aware at the time you registered for CETA that the Mayor of Soldier Summit was your father. That may be true and we have no reason to think otherwise, however their (Job Service) knowledge of the situation does not absolve the town of Soldier Summit. Nepotism, or the hiring of a relative, did occur. Therefore, the Department of Labor has to be reimbursed for the monies expended in violation of the CETA Act.

You further state in your letter that the town does not have the money with which to reimburse the Department of Labor. If the town is covered by bond insurance, then that insurance may make payment. Therefore, we need to know the name and address of the bonding firm (if the town has bond insurance) so we can pursue this matter with them. If the town does not have bond insurance then we will need a sworn statement of the town's ability to make payment. We can provide you with whatever assistance you need in this action.

If you have any questions or more information which may affect our decision, please contact our office. We need a reply by May 18, 1979.

Sincerely,

Jerry Conley

Stan Buamgardner received one vote, Ruth Rinehart. Kay McCormick received one vote, Ruth Rinehart.

Ruth Rinehart brought up the question as to the residency of Don Chambers. Mr. Chambers brough out that his lights, water and telephone bills were current for the last two years with no interruption inservice. His home is fully furnished and he has no ot other residence in his name. It was mentioned from the floor that the previous Mayor worked and resided at Scofield Reservoir for leng periods of time; only coming to town to attend a town meeting or on his day off. It was decided by a majority of those present that Don Chambers was a legal resident of Soldier Summit, at which time a Bible was asked for and Verna Belcher administed the oath of Office and Don J. Chambers was sworn in as Mayor of Soldier Summit. Don gave a very brief statement as to his back ground for the benefit of the guests which were present. The Mayor said in his brief statement that there had been enough bitterness and hate in the town for the last two years to do all for a life time. This statement was loudly Amened by the majority of those present.

The Mayor said that he would like to work together with all the familys in the town. The name calling and back biting has got

to quite. The Mayor said the only reason he accepted the job was that he felt that someone had to get in with some mellowing. He also said that he felt there would be things brought out in the near future but he did not want the hatred to continue. Good and bad publicity was disgussed. Working together for the good of the town was also disgussed.

As Mayor he appointed a new Town Clerk, Verna Belcher and requested that the books and town records be turned over to her by the next council meeting.

The Annex was disgussed and a Special meeting will be set to explain just what the towns responsiblitys will be and the whole town will be invalved in this meeting. Mayor Chambers requested something in writing on the annexation to be delivered to the town to study. The Annexation people were instructed to post a notice of the Hearing with Judge Bullock. This is to be posted in three places in the town.

A closed meeting was set for the town council Saturday May 12, 1979 at 5:00PM to get acquainted and diguess some of the towns problems.

Verna Belcher will be one of the Councilman to sign the checks from this date on. There is to be a reading of previous meetings and a financial statement of all moneys coming and going into the town. The checks will be made out and signed on Council nights. Every check eill be read and expained. There was an arrangments made for help on the water system. This will be Saturday sometime. This is to satisfy the towns needs at the present time.

There should be no more rock throughing or name calling about the legal aspects of what has taken place in the past. We better all round up our shoulders and get to work getting done one problem at a time.

Larry Freeman donated his Wrecker and his time to help clean the water lines. He offered to do anything he could to help.

There was a motion made that we get an entercept box in Provo for the Town of Soldier Summit mail. The motion was made by Carolyn Brackenbury, and was seconed by Verna Belcher. Motin carried.

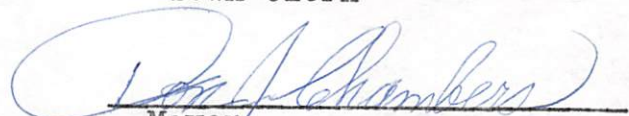

There are to be no more water connections until the lines are replaced. This is an ordinance that was passed in 1977.

No more checks are to be written until new signiture cards are signed.

The Mayor asked that the council all work out there problem and try to work together for the good of the town.
